

## **Building resilience and strengthening climate change adaptation for fishers and farmers in the Pacific Region**

**25–27 August 2015**

**Sofitel Fiji, Denarau Island, Nadi, Fiji.**

### **Agenda**

#### **Overview**

In seeking a broader integration of food security into regional development, the Secretariat of the Pacific Community (SPC) in partnership with WorldFish, The Technical Centre for Agricultural and Rural Cooperation ACP-EU (CTA), and CGIAR Research Programs on Climate Change Agriculture and Food Security (CCAFS) and Aquatic Agricultural Systems (AAS) are joining forces to initiate a research and development program to build resilience and strengthen adaptation to climate change and variability amongst fishers and farmers in the Pacific region. The workshop is supported by funding from these organizations and from the New Zealand Aid Programme through CCAFS and AAS.

As an early step in this collaboration, this regional workshop brings together practitioners and decision makers to discuss and identify alternative scenarios for the development of the regional food system under climate change and its impact on agriculture and fisheries in the region. These scenarios and the narratives they contain will provide a powerful tool in identifying development, policy, and research for the Pacific region food system.

The regional workshop will be structured in two parts as follows:

**Part 1 (25–27 (morning) August):** Technical participants will identify alternative scenarios for the development of the regional food system under climate change and its impact on agriculture and fisheries in the region. Participants will critically assess whether current responses to climate change will be sufficient and discuss next steps needed to benefit from scenario insights. This leads into the afternoon session.

**Part 2 (27 (afternoon) August):** Participants are joined by senior officers from CROP agencies to discuss scenarios for the development of the regional food system under climate change and its impact on agriculture and fisheries. The workshop will identify key roles for various groups of actors, and look at the linkages between them. They will examine approaches to sustain the political will required for these activities and linkages. Importantly, they will discuss which next steps are key to use the scenarios effectively for regional planning and to inform COP21.

**PART 1**

**DAY 1 – 25 August**

<b>09:00 – 09:30</b>	Opening of the workshop
<b>09:30 – 10:00</b>	Participant introductions
<b>10:00 – 10:30</b>	Introduction to scenarios and workshop objectives
<b>10:30 – 11:00</b>	<b>Morning Tea (and Group Photo)</b>
<b>11:00 – 12:00</b>	A series of speed meet sessions to capture drivers: climate change adaptation, food and nutrition security, socio-economic development, environment, governance
<b>12:00 – 12:30</b>	Clustering drivers
<b>12:30 – 13:30</b>	<b>Lunch</b>
<b>13:30 – 14:30</b>	Ranking drivers
<b>14:30 – 15:30</b>	Discussing driver selection for set of scenarios
<b>15:30 – 16:00</b>	<b>Afternoon tea</b>
<b>16:00 – 17:00</b>	Start outlining scenario end states
<b>17:00</b>	Close of day 1
<b>Evening</b>	<b>Dinner</b>

**DAY 2 – 26 August**

<b>09:00 – 09:30</b>	Reminder - where are we in the process?
<b>09:30 – 10:30</b>	Developing scenario narratives
<b>10:30 – 11:00</b>	<b>Morning Tea</b>
<b>11:00 – 12:30</b>	Developing scenario narratives
<b>12:30 – 13:30</b>	<b>Lunch</b>

<b>13:30 – 15:30</b>	Reviewing consequences of scenarios for key issues - from drivers, research framing
<b>15:30 – 16:00</b>	<b>Afternoon tea</b>
<b>16:00 – 17:00</b>	Identifying and discussing key perspectives and visuals that best represent the scenario
<b>17:00</b>	Close of day 2
<b>Evening</b>	<b>Dinner</b>

<b>DAY 3 – 26 August</b>
--------------------------

<b>09:00 – 09:30</b>	Reminder - where are we in the process?
<b>09:30 – 10:30</b>	What recommendations come from each scenario?
<b>10:30 – 11:00</b>	<b>Morning Tea</b>
<b>11:00 – 12:30</b>	Synthesis and preparation for afternoon session: What are the key recommendations across the entire set of scenarios? How can the scenarios be used to guide planning and action in the region? How can they best be used in processes toward COP21?
<b>12:30 – 12:45</b>	Close of the technical workshop
<b>12:45 – 13:45</b>	<b>Lunch</b>
<b>PART 2</b>	<b><u>Session with senior policy makers</u></b>
<b>14:00 – 14:30</b>	Introductions and background of the process and objectives
<b>14:30 – 15:30</b>	Presentation and discussion of the scenarios, including visuals and key perspectives, as well as policy recommendations per scenario
<b>15:30 – 16:00</b>	<b>Afternoon Tea</b>
<b>16:00 – 17:00</b>	High-level discussion: what steps can be taken to use the scenarios in regional and national planning process, and to inform COP21?
<b>17:00</b>	<b>Close of Regional Workshop</b>
